

Statement of John Arledge
Deputy Chief of Staff
Office of Governor Haley Barbour

“Governor Barbour is working on Mississippi jobs, education and health care, and Howard Dean is working on becoming President. Mississippians know this. They understand that Governor Barbour is working for them and Howard Dean is just working them.”

“As Governor of Mississippi, Haley Barbour is working on jobs, education and health care. As Governor of Vermont, Howard Dean worked on gay marriage. I think Mississippians share Governor Barbour’s priorities about what’s important.”
